\*CLA will offer elective courses. It is our desire to provide elective options that not only meet the required credits for high school graduation, but are also enriching and well developed with clear goals and objectives for our students. These offerings will also be designed to work successfully within various parameters such as faculty availability, scheduling, and enrollment.

\*\*CLA will offer Honors and Advanced options for many of the courses available in grades 9 through 12. The goal of honors programming at CLA is to provide an advanced, more rigorous option to students who demonstrates exceptional ability in order to help them meet their potential. These offerings will be designed to work successfully within various parameters such as faculty availability, scheduling, and enrollment.
